Fundamental Analytics

SOFTWARE HIGHLIGHTS

Interactive Brokers
The Professional's Gateway to the World's Markets

Historical Charts

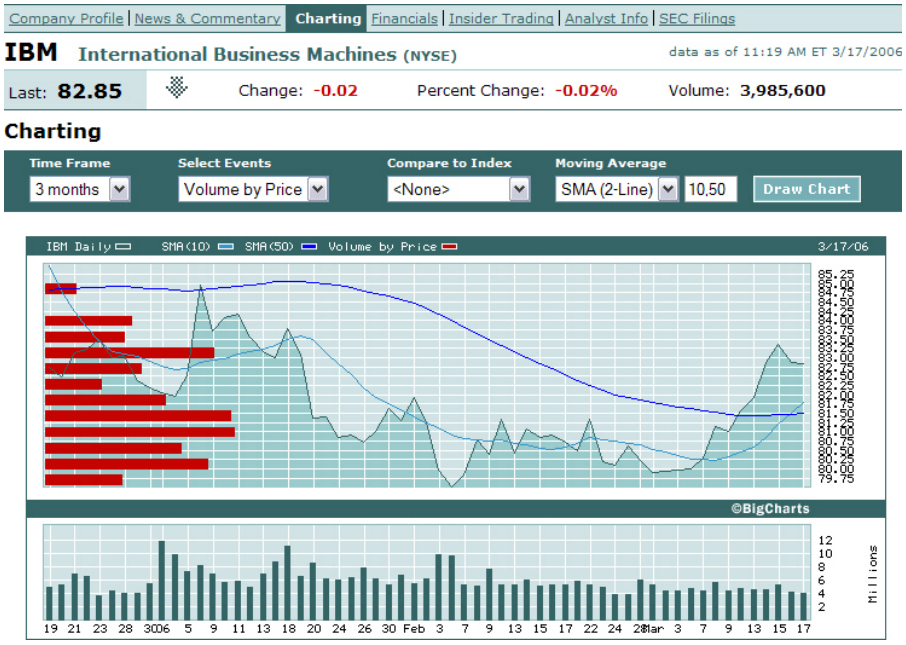
Fundamental charts allow you to view historical trading patterns that occur around corporate events such as earnings and dividend announcements, analyze volume by price, add multiple moving averages, compare to a select index, even quickly change the time period viewed from one day to a decade or longer.



Financials

Select from Income Statement, Balance Sheet and Cash Flow Statement, and split the financial reports into quarterly or annual financials for the previous 4 periods.

News and Commentary

News and Commentary provides a comprehensive list of all company-related headlines and press releases.
