Instructions for IRA Rollover Form

Please use this form to effect an IRA rollover of funds from a qualified retirement plan or another Individual Retirement Account (IRA) held outside of Interactive Brokers LLC.

**Rollover Eligibility**

Generally, a rollover is a tax-free distribution to you of cash or other assets from one retirement plan that you contribute to another retirement plan. The contribution to the second retirement plan is called a “rollover contribution.” Almost any distribution from a qualified plan can be rolled over to an IRA (exceptions include: mandatory distributions, distributions on amounts that exceeded limits, non-spousal death benefit distributions and hardship withdrawals). For more information, review the Rollover Eligibility Certification Form or IRS Pub. 590.

This information is for general educational purposes only. Individuals should consult their financial advisor or legal counsel to determine how rollover regulations affect their unique situation.
