Stock Traders Daily

Stimulus

- NO VOLATILITY
- Trading was Fruitless
- That has changed.
- No more Stimulus
- Volatility is back.

Volatility is a Trader's Friend
and it is back...

DOJIs are leading Indicators

- They identify shifts in trend.
- But other technical tools help too.
- Fibonacci Calculations help too.

Recent Tendencies

- DOJIs have Identified declines most often
- DOJIs work best when markets act naturally.
- Buy – side Stimulus clouded this until recently.
- No stimulus = more normal trading
- No Stimulus = more volatility
- No Stimulus = more opportunity
- And, Trading tools can be more effective.

More Opportunity for Traders

Stimulus programs inflated the prices of stocks, bonds and real estate. And now comes the reckoning

By
THOMAS
H. KEE JR.

Central banks have been infusing capital into the global financial system since the credit crisis, and now the stimulus has officially come to an end, and a new era is upon us.

We're Back Randolph

The times have changed

Stimulus is no longer flowing

Volatility has increased

Trading Opportunities have increased

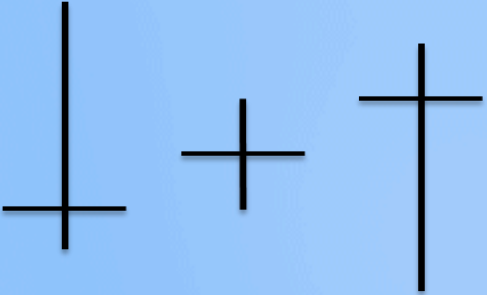

Trading Tools are working again

We need to remember how to use these.
